

How to Download Prior Versions of a Document

TI version 10.7

APPLICABLE TO:

- Admin
- Manager
- Editor
- Reader
- eTMF
- Collaborate/eISF

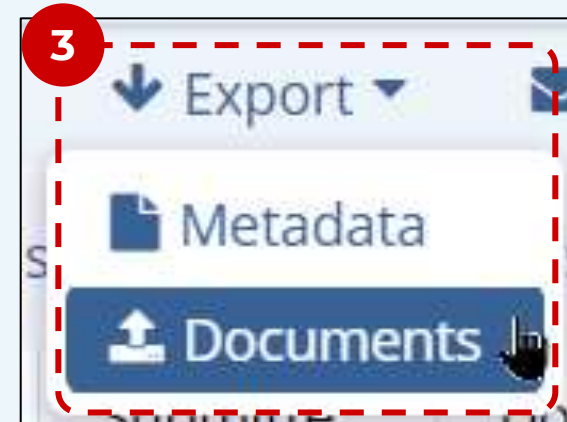

1 Navigate to the **Documents** module.

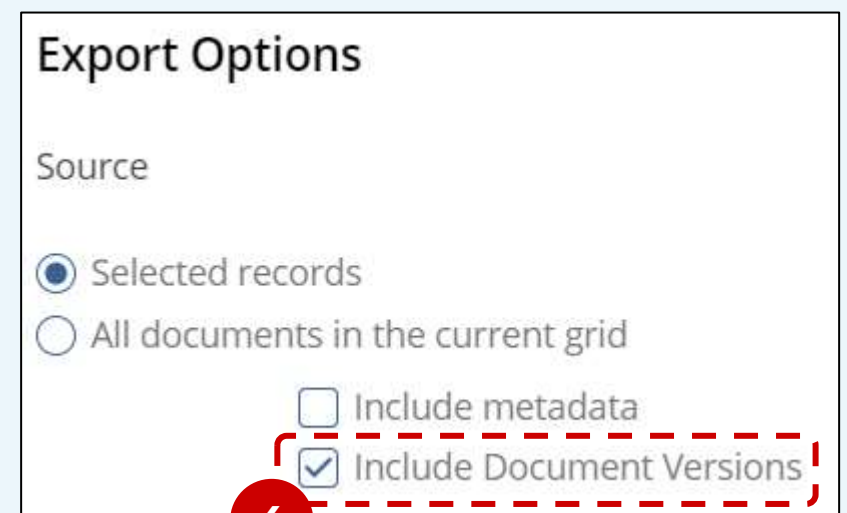

2 Select one or more documents by checking the respective line item.

3 In top ribbon, select **Export** then **Documents**.

4 In the Export window that appears, check the box for **Include Document Versions**.

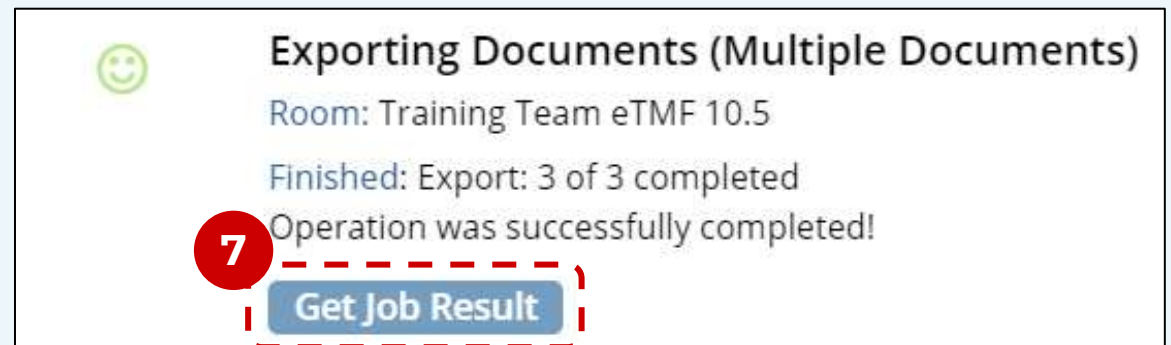

How to Download Prior Versions of a Document

TI version 10.7

6 Click **Export** to start generating the downloadable folder.

7 Wait for the job to Complete then click **Get Job Result**. This starts a download.

8 The contents of the downloaded folder will include version numbers for each document.
